10am Meet Nicola Harrison Forest School Teacher from the North City Surestart Centre. Look at how the garden has progressed around the Surestart Centre and then look at the Forest School area, that has been transformed from a vacant piece of land at the edge of the Angel Road Federated Schools field.

This piece of land is being used by the Nursery, Year 1 and 2 at the Angel Road Infant School and by the Preschool set in the grounds as well. The Surestart Centre has only been on site for two years but the benefits that it has given to so many parents has been unbelievable.

10.40am Meet Michael Parker (Green Spaces Officer), and Cllr Deborah Gihawali (Portfolio holder for Parks) at the entrance leading on to Waterloo Park from the Surestart Centre. Waterloo Park play area for the children has just finished being revamped. Before there was a small paddling pool which for health and safety reasons just was not practical in the Park. The new water play area is already a hit with the local residents and children. Everyone around the ward had their say on what they wanted to go into the play area by form of a consultation earlier in the year.

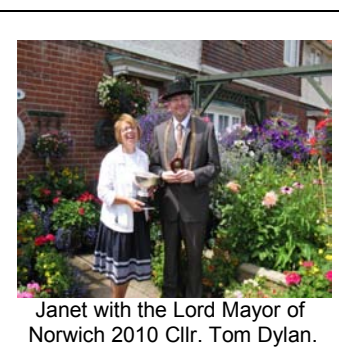

11am Meet Sharon Fulbrook from the ECHG Charles Jewson Court (Riverside) Sheltered Housing. This is the first year that this scheme has entered our Sheltered Housing Competition and it is great to see the enthusiasm of the not only the staff but the residents as well. - Refreshment break.

11.18 Leave Charles Jewson Court going towards the Mile Cross Roundabout which is sponsored by Gasway.

11.20 Arrive at Valpy Avenue Allotments to see Janet Batch.
